FINDINGS OF FACT AND CONCLUSIONS OF LAW

This matter comes before the Deputy Zoning Commissioner for consideration of Petitions for Special Hearing and Variance filed by the owners of the subject property, Rocky Gorge at Greyrock, Limited Partnership, and Rocky Gorge Communities, Inc., a General Partner, by Christopher Dorment, President, through their attorney, Benjamin Bronstein, Esquire. The Petitioners seek approval of an amendment to the Fourth Partial Development Plan of Greyrock, Phase 1, and a variance from Section 1B01.2.C.2.b of the Baltimore County Zoning Regulations (B.C.Z.R.) (Section V.B.6.c of the Comprehensive Manual of Development Policies {C.M.D.P.}) to permit windows between buildings to be as close as 30 feet apart in lieu of the required 40 feet for windows between buildings B16 and 17, B18 and 19, and B20 and 23. The subject property and relief sought are more particularly described on the site plan submitted which was accepted and marked into evidence as Petitioner's Exhibit 1.

Appearing at the hearing on behalf of the Petitions were Edmund F. Haile and Robert Covahey, representatives of Daft-McCune-Walker, Inc., the consulting firm which prepared the site plan for this property, Jack Fleury, and Benjamin Bronstein, Esquire, attorney for the Petitioners. There were no Protestants or other interested persons present.

At the onset of the hearing, Counsel for the Petitioners requested an amendment to the Petition for Variance and noted that the variance for Buildings B16 and B17 would not be necessary. The Petition was amended accordingly and the hearing proceeded on the remainder of the request.

Testimony and evidence offered revealed that the subject property consists of 26.059 acres, split zoned D.R.3.5 and D.R.10.5, located on the northeast side of Reisterstown Road at its intersection with Keller Road in Pikesville. The property is also known as Greystock, a residential community of townhouse condominiums, Phase 1 of which is currently under development. This project has undergone a series of amendments since it was first approved in 1993, and due to a recent land exchange with adjacent property owners, the Petitioner now comes before me seeking approval of a fourth amendment of the partial development plan for Phase 1 of Greystock to reflect the revised layout and reconfiguration of the project boundary. However, as a result of the proposed reconfiguration, the requested variance is necessary. On behalf of the Petitioners, Mr. Haile testified that this project was approved under the old County Review Group (CRG) process at which time the old setback requirements for windows between buildings under the Comprehensive Manual of Development Policies (C.M.D.P.) was 40 feet. Since that time, the C.M.D.P. has changed and a 30-foot separation between buildings with facing windows is now permitted. However, inasmuch as the plan was approved under the old regulations, a variance is necessary in order to proceed with the proposed modifications.

An area variance may be granted where strict application of the zoning regulations would cause practical difficulty to the Petitioner and his property. McLean v. Soley, 270 Md. 208 (1973). To prove practical difficulty for an area variance, the Petitioner must meet the following:

- 1) whether strict compliance with requirement would unreasonably prevent the use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2) whether a grant of the variance would do a substantial justice to the applicant as well as other property owners in the district or whether a lesser relaxation than that applied for would give sufficient relief; and,
- 3) whether relief can be granted in such fashion that the spirit of the ordinance will be observed and public safety and welfare secured.

Anderson v. Bd. of Appeals, Town of Chesapeake Beach, 22 Md. App. 28 (1974).

After due consideration of the testimony and evidence presented, it is clear that practical difficulty or unreasonable hardship will result if the special hearing and variance relief are not granted. It has been established that special circumstances or conditions exist that are peculiar to the subject property and that the requirements from which the Petitioners seek relief will unduly restrict the use of the land due to the special conditions unique to this particular parcel. In addition, the variance requested will not cause any injury to the public health, safety or general welfare, and meets the spirit and intent of the B.C.Z.R.

Pursuant to the advertisement, posting of the property, and public hearing on this Petition held, and for the reasons given above, the variance requested should be granted.

THEREFORE, IT IS ORDERED by the Deputy Zoning Commissioner for Baltimore County this 15th day of September, 1998 that the Petition for Special Hearing seeking approval of an amendment to the Fourth Partial Development Plan of Greycrook, Phase 1, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED; and,

IT IS FURTHER ORDERED that the Petition for Variance seeking relief from Section 1B01.2.C.2.b of the Baltimore County Zoning Regulations (B.C.Z.R.) (Section V.B.6.c of the Comprehensive Manual of Development Policies {C.M.D.P.}) to permit windows between buildings to be as close as 30 feet apart in lieu of the required 40 feet for windows between buildings B16 and 17, and B18 and 19, in accordance with Petitioner's Exhibit 1, be and is hereby GRANTED, subject to the following restriction:

- 1) The Petitioners may apply for their building permit and be granted same upon receipt of this Order; however, Petitioners are hereby made aware that proceeding at this time is at their own risk until the 30-day appeal period from the date of this Order has expired. If an appeal is filed and this Order is reversed, the relief granted herein shall be rescinded.

IT IS FURTHER ORDERED that the Petition for Variance seeking relief from Section 1B01.2.C.2.b of the Baltimore County Zoning Regulations (B.C.Z.R.) (Section V.B.6.c of the Comprehensive Manual of Development Policies {C.M.D.P.}) to permit windows between buildings to be as close as 30 feet apart in lieu of the required 40 feet for windows between buildings B20 and 23, be and is hereby DISMISSED without prejudice.

Dear Deputy Commissioner Kotroco:

Reference is made to your Finds of Fact and Conclusions of Law in the above entitled case. On page 2 of the opinion you correctly stated that the Petitioner withdrew the requested variance for Buildings 16 and 17. Unfortunately, your Order transposes the buildings and instead of dismissing the variance request between Buildings 16 and 17 you dismiss the variances between Buildings 20 and 23 and granted the variance between Buildings 16 and 17. I would appreciate your reconsidering this matter and revising your Order appropriately.

Thank you for your kind consideration and attention to this matter.

Very truly yours,

AMENDED ORDER

WHEREAS, this matter came before the Deputy Zoning Commissioner for consideration of Petitions for Special Hearing and Variance filed by the owners of the subject property, Rocky Gorge at Greyrock, Limited Partnership, and Rocky Gorge Communities, Inc., a General Partner, by Christopher Dorment, President, through their attorney, Benjamin Bronstein, Esquire. The Petitioners sought approval of an amendment to the Fourth Partial Development Plan of Greyrock, Phase 1, and variance relief from Section 1B01.2.C.2.b of the Baltimore County Zoning Regulations (B.C.Z.R.) (Section V.B.6.c of the Comprehensive Manual of Development Policies {C.M.D.P.}) to permit windows between buildings to be as close as 30 feet apart in lieu of the required 40 feet between buildings B16 and 17, and B18 and 19, and B20 and 23, as set forth on the site plan submitted into evidence as Petitioner's Exhibit 1.

At the onset of the hearing, Counsel for the Petitioners requested an amendment to the Petition for Variance, in that the variance for Buildings B16 and B17 would not be necessary. The Petition was amended accordingly and the hearing proceeded on the remainder of the request.

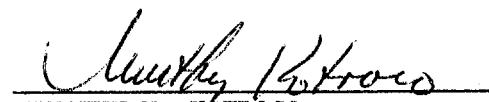

By Order dated September 15, 1998, the special hearing and variance relief were granted. However, subsequent to the issuance of said Order, Counsel for the Petitioners requested an amendment to the Order,

and noted that while the body of the Order accurately reflected the variance relief to be approved, the granting language at the end of the Order inadvertently dismissed the relief sought for Buildings B20 and 23 and granted relief for Buildings B16 and 17 in error. Thus, it is clear that an amendment is necessary in order to correct the variance relief granted.

THEREFORE, IT IS ORDERED by the Deputy Zoning Commissioner for Baltimore County this 15th day of September, 1998 that the Order issued September 15, 1998 in the above-captioned matter be and the same shall hereby be AMENDED to GRANT the Petition for Variance to permit windows between buildings to be as close as 30 feet apart in lieu of the required 40 feet for windows between Buildings B18 and 19 and B20 and 23, in accordance with Petitioner's Exhibit 1; and,

IT IS FURTHER ORDERED that the Petition for Variance seeking similar relief for Buildings B16 and 17, be and is hereby DISMISSED without prejudice; and,

IT IS FURTHER ORDERED that all other terms and conditions of the Order issued September 15, 1998, including the granting of the Petition for Special Hearing, shall remain in full force and effect.

Case No.: 99-13-SPHA

Dear Deputy Commissioner Kotroco:

Reference is made to your Finds of Fact and Conclusions of Law in the above entitled case. On page 2 of the opinion you correctly stated that the Petitioner withdrew the requested variance for Buildings 16 and 17. Unfortunately, your Order transposes the buildings and instead of dismissing the variance request between Buildings 16 and 17 you dismiss the variances between Buildings 20 and 23 and granted the variance between Buildings 16 and 17. I would appreciate your reconsidering this matter and revising your Order appropriately.

Thank you for your kind consideration and attention to this matter.

Very truly yours,

GEORGE AND BRONSTEIN, LLP
